Called Amy's home/work #'s and sent her an email. Also left a mssg for Dan to find out if packets & notifications were sent out yesterday as planned.

You should NOT have to ask on these several times. I'm so frustrated when you have to do it with other people, so it is a small failure when you have to do it with me. Last thing I want to be is someone you have to spend extra time on. I'm supposed to be support, not a draw of energy.

Have a great day!

Hello Governor,

Thank you so much for hosting the football team dinner! Everyone had a **great time** and ***really enjoyed*** your fun spirited approach to having a mansion-full of teenagers! You're the BEST!! :) THANKS!

That oak table on the 2nd floor is only there while the basement housekeeping is torn apart from the plumbing; it will go back down in a month or so. Please let me know if there are any changes you'd like to make with how things are run at the House; I want things to be how you want them, so please don't hesitate to ***tell me like it is***. :)

David Munson wrote you a note, I left it on your desk by your computer.

It sure was fun having you and the girls. Take care and have a WONDERFUL time in New York with Bristol!!

God's wisdom and grace to you as you govern our state & take care of your family!

It is hard for me to say. I received a message about Privileg which mentioned the option of Privileged or P and Privileged or Pers. I dont now Privileged or P but Privileged used to work for Privileged or Pe is a big hunter and active in AOC. I don't know the seat requirements or who else is on the list to see the big picture. I can go back through my email today to see if there is something more comprehensive from Frank. If there is, I would have missed it. I will probably need to touch base with Frank to get the latest, which I will do today.

I did not hear back from Mike on cacfa so we will send this presser out Monday regardless.

Governor,

Sandy and I want to invite you and Todd to join us for dinner in our home sometime across the next couple of weeks. I'd like the chance for the four of us to think together on Alaska's future, if possible. It would be a simple, informal meal and I'd email Todd to ask him, as well, but don't have his address in my contacts. Perhaps you could forward to him.

We now live close to Jewel Lake Rd. and Raspberry so we're close to the airport if needed. Let me know if I can get in touch with Janice to work on scheduling. Thank you so much.

Totally understand. You have a multitude of other matters to attend to, and the EP strategy we've begun is not ready for a comprehensive briefing anyway. Only reason I bothered you at all with a status is that I know this has been on your mind, and that you are eager for progress. So I wanted to reassure you that it is being worked hard, exciting conceptual progress is being made, and that whenever you wish, Tom, Marty and I can tell you where we are.

Go get 'em in NY!
